

# Tactical Mounting Platforms for the HWS

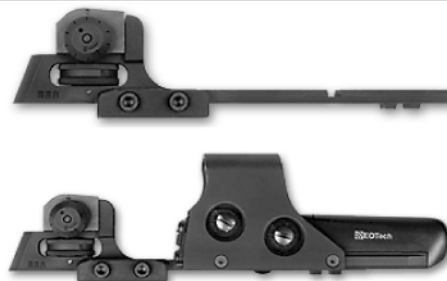

## LaRue Tactical 1/4" Rise:

Rise for flat top AR's. Mount raises sight 1/4", and places irons in sighting plane in bottom portion of sight window. Mount has LaRue patented QD lever for fast removal. Mount has additional rise for accessory NV optic ring. Order code: **9-LT-110**

## RRA Dominator:

Rise for flat top AR's. Mount raises sight 1/4", and places irons in sighting plane in bottom portion of sight window. Mount has fixed A2 style rear iron sight. Order code: **9-RRA-DOM**

## M-16/AR-15 Carry Handle Mount:

Positions rail on top of carry handle. Keeps access to iron sights and has extended rail for NV systems. Works well with gas mask peripherals. Order code: **9-ARMS-#2EXT**

## M4/M16 Flat Top Co-witness:

Sight positioned in front of flip-up rear iron sight allows for co-witnessing and cheek weld. HWS interfaces directly to any picatinny rail. Two rear flip up styles available. Rear flip up order codes: **9-GGG-MAD**  
**9-ARMS-#40**

ARMS

## M-16/AR-15 Adjustable

### Cantilever Mount:

Co-witnesses with irons and maintains cheek-weld. Adjustable height at drop, forward of carry handle. Attaches with nut to carry handle. Order code: **9-BC-CAM**

## M-16/AR-15 Fixed

### Cantilever Mount:

Co-witnesses with irons and maintains cheek-weld. Cantilever mount attaches with finger operated nut to carry handle. Order code: **9-MWG-SAM3AH**

Other HWS mounting platforms are available for the FN FAL and FAMAS, SIG 550 series, Steyr AUG, IMI Uzi, AK 47, Galil, INSAS, Baretta 70/90, FN P90, and various other weapon systems.

Please contact us with questions on selecting the proper mount for the HWS.

#### **HK Low Profile:**

Low profile positioned mount for MP5, 33, 53, 91, 93, 94, and G3. Maintains cheek-weld and supports NV operation. Order code: **9-BT-21262**

#### **HK Mid Profile:**

Mid profile positioned mount for MP5, 33, 53, 91, 93, 94, and G3. Maintains access to ghost rings and supports NV operation. Order code: **9-BT-21256**

#### **Tactical Shotgun Mount:**

Saddle mount, no tapping required. For Remington 870, 1100, 11-87. Other models available for Mossberg 500 and Benelli M-1 Super 90. Order code: **9-BSQ-16800**

#### **Mini-14 Scout Rail:**

Scout rail that attaches directly over bore. No tapping required. Places rail at same height as receiver. Order code: **9-ULT-MINI14**

#### **Sig SG-550 Mount:**

HWS mounts at a low profile on the weapon's receiver. No access to iron sights. The rail mounts under the diopter and bolts to the side of the upper receiver. Order Code: **9-BT-201201**

#### **FN FAL Mount, Para Version Available:**

HWS mounted at a low profile. Replaces dust cover. No tapping required. No access to iron sights. Order Code: **9-MWG-#3**

#### **PVS-14 Ring and Mount:**

GGG mounting platform for PVS-14 NV system behind the HWS. Base mounts to picatinny rail and ring to NV tube. Ring has QD lever for fast removal. Also available for Litton 983 NV tubes. Order Code: **9-GGG-PVS14**

#### **AK-47 Mount:**

HWS mounts at low profile. Rail slides over gas tube near rear sight aperture. AK type/barrel diameter needs to be specified. No access to iron sights. Order Code: **9-UM-M2B**

Please contact us with questions on selecting the proper mount for the HWS.
