## CARRY THE SUN INTO THE STORM.

The latest iteration of our SPARC<sup>®</sup> series of red dots now harnesses the power of the sun for up to 150,000 hours of battery life, powering a reliable tactical machine ready to help you protect what matters most. Our smartest red dot to date, the SPARC<sup>®</sup> SOLAR's Auto D-TEC™ technology automatically switches from solar to battery power when the sun can't power the dot to your choice of 10 daytime illumination settings and two night-vision compatible settings. Motion activation capable, the SPARC<sup>®</sup> is always ready, and its daylight bright, 2 MOA dot provides a clear, precise point of aim. Near and far, night and day, the SPARC<sup>®</sup> SOLAR means you're always ready.
