

STRIKE EAGLE®

5-25x56 FFP RIFLESCOPE

MOA

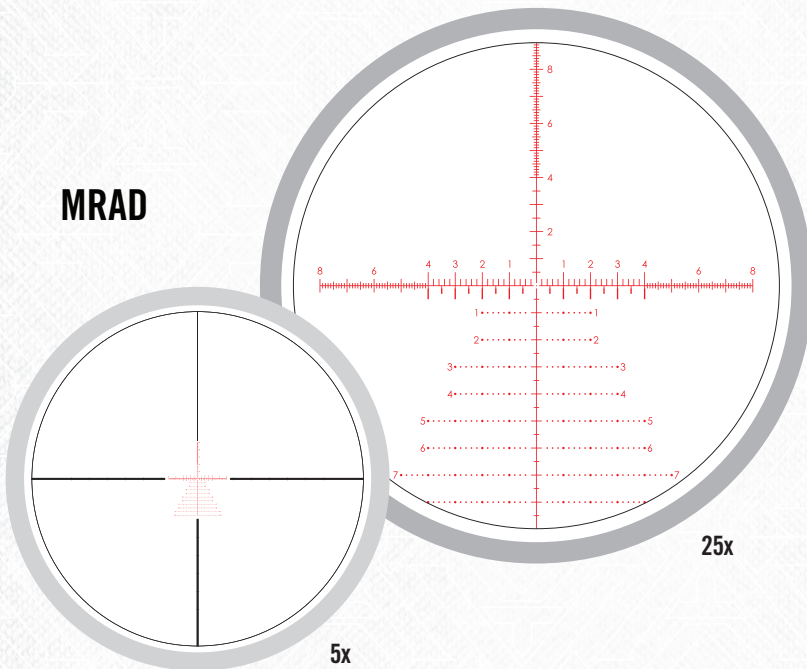

EBR-7C RETICLE

A versatile reticle that fits comfortably in the hands of long-range shooters, competitive shooters, and military and law enforcement professionals.

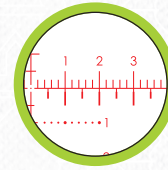

- ▶ **FIRST FOCAL PLANE**
Subtensions remain accurate at any range.
- ▶ **ILLUMINATED RETICLE**
To ease use in low light and dark backgrounds.
- ▶ **FINE HOLDOVER DOTS**
For fast wind and elevation holdovers.

MRAD

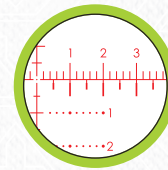

FINE CENTER DOT

Precise aiming; aids in establishing a perfect zero.

FINE SUBTENSIONS ALONG TOP OF HORIZONTAL AXIS

1 MOA/0.2 MRAD for refined wind holds.

HEAVY MARKINGS ALONG BOTTOM OF HORIZONTAL AXIS

2 MOA/0.5 MRAD - for engaging moving targets on low magnification.
